

AQUA DETOX

With the revolutionary **Aqua Detox** system there's

- No sweat
- No exercise
- No funny drinks
- No special diet

Aqua Detox is the revolutionary way to detoxify and re-balance your body.

Whilst immersing your feet in the **Aqua Detox** apparatus the unit creates an electrolytic flow which imparts to the water a bio-energetic field which corresponds to that of the person using the apparatus.

This allows a gentle Bio-Energetic Resonance to travel through the body. The body starts to re-balance.

Bio-Energetic stimulation has a positive effect on the micro circulation of the body. If the microcirculation is good, the body is more likely to be healthy.

Why not book a course of treatment now and start your journey to rebalancing your Bio-Energetic Field.
